TO BE COMPLETED BY THE REPORTING CARRIER, IF THE REPORTING CARRIER IS FILING ANNUAL REPORTING ON ITS OWN BEHALF:

I certify that I am an officer of the reporting carrier; my responsibilities include ensuring the accuracy of the annual reporting requirements for universal service support recipients; and, to the best of my knowledge, the information reported on this form and in any attachments is accurate.

Name of Reporting Carrier: Budget PrePay, Inc.

Signature of Authorized Officer:

Date: June 30, 2014

Printed name of Authorized Officer: David Donahue

Title or position of Authorized Officer: CFO

Telephone number of Authorized Officer: 3186715000

Study Area Code of Reporting Carrier: 459011

Filing Due Date for this form:

7/1/2014

Persons willfully making false statements on this form can be punished by fine or forfeiture under the Communications Act of 1934, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.

Budget PrePay, Inc.

**Line 510 – Compliance with Service Quality Standards and
Consumer Protection**

Budget PrePay, Inc. ("Budget") hereby certifies that it has reviewed and complies with applicable service quality and consumer protection practices, and that it is in compliance with all applicable state requirements in connection with its provision of wireline (if applicable) and wireless voice services. Among other things, Budget:

- Complies with the service standards promulgated by the State of Nebraska.
- Discloses rates and terms of its voice services to customers.
- Provides current terms and conditions to customers and confirms changes in voice service.
- Separately identifies carrier charges from taxes on billing statements and purchase receipts.
- Provides ready access to customer service.
- Promptly responds to consumer inquiries and complaints received from federal and state government agencies.
- Abides by CPNI rules and other rules for the protection of consumer privacy.
- Makes available maps showing the local calling area on point of sale materials and website.
- Provides specific disclosures in advertising if applicable.
- Provides customers the right to terminate voice service

Line 610 – Functionality in Emergency Situations

Section 54.202(a)(2) of the Commission's Rules requires that each eligible telecommunications carrier ("ETC") must "[d]emonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."¹ Section 54.313(a)(6) requires ETCs to certify that they are "able to function in emergency situations as set forth in §54.202(a)(2)"² in connection with their provision of voice and broadband services.

Budget PrePay, Inc. d/b/a Budget Phone and d/b/a Budget Mobile has deployed [resells the services of underlying carriers that have deployed] sufficient power generators to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

Budget PrePay Inc. has geographically located its switching infrastructure. All facilities are equipped with both AC and DC battery backup as well as generators. All critical equipment is also supplied with 2 separate power sources (or primary and redundant power feeds).

Budget PrePay maintains multiple paths to reach our network. This is setup by using multiple IP transit providers for all IP connectivity and an N+1 configuration on all TDM connectivity.

Once the origination traffic reaches the Budget PrePay network all elements are setup with the same N+1 configuration. The configuration allows each element a primary and redundant path to terminate the traffic without service interruption. In the event the main element fails or that

¹ 47 C.F.R. § 54.202(a).

² 47 C.F.R. § 54.313(a)(6).

element reaches maximum capacity Budget has designed the network to advance the traffic to 1 of 3 other elements in the same N+1 configuration that is listed above.

The switching infrastructure will advance to the next termination carrier in route in the event of a failure on any termination carrier's route.

Budget PrePay, Inc.

**Line 510 – Compliance with Service Quality Standards and
Consumer Protection**

Budget PrePay, Inc. ("Budget") hereby certifies that it has reviewed and complies with applicable service quality and consumer protection practices, and that it is in compliance with all applicable state requirements in connection with its provision of wireline (if applicable) and wireless voice services. Among other things, Budget:

- Complies with the service standards promulgated by the State of Arkansas.
- Discloses rates and terms of its voice services to customers.
- Provides current terms and conditions to customers and confirms changes in voice service.
- Separately identifies carrier charges from taxes on billing statements and purchase receipts.
- Provides ready access to customer service.
- Promptly responds to consumer inquiries and complaints received from federal and state government agencies.
- Abides by CPNI rules and other rules for the protection of consumer privacy.
- Makes available maps showing the local calling area on point of sale materials and website.
- Provides specific disclosures in advertising if applicable.
- Provides customers the right to terminate voice service

Line 610 – Functionality in Emergency Situations

Section 54.202(a)(2) of the Commission's Rules requires that each eligible telecommunications carrier ("ETC") must "[d]emonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."¹ Section 54.313(a)(6) requires ETCs to certify that they are "able to function in emergency situations as set forth in §54.202(a)(2)"² in connection with their provision of voice and broadband services.

Budget PrePay, Inc. d/b/a Budget Phone and d/b/a Budget Mobile has deployed [resells the services of underlying carriers that have deployed] sufficient power generators to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

Budget PrePay Inc. has geographically located its switching infrastructure. All facilities are equipped with both AC and DC battery backup as well as generators. All critical equipment is also supplied with 2 separate power sources (or primary and redundant power feeds).

Budget PrePay maintains multiple paths to reach our network. This is setup by using multiple IP transit providers for all IP connectivity and an N+1 configuration on all TDM connectivity.

Once the origination traffic reaches the Budget PrePay network all elements are setup with the same N+1 configuration. The configuration allows each element a primary and redundant path to terminate the traffic without service interruption. In the event the main element fails or that
